### CONVERTIBLE PROMISSORY NOTE

\$500,000

July \_\_, 2016

Philadelphia, Pennsylvania

For value received G2Link, LLC, a Pennsylvania limited liability company (the "**Company**"), promises to pay to CU\*Answers or its assigns ("**Holder**") the principal sum of FIVE HUNDRED THOUSAND DOLLARS \$500,000 together with accrued and unpaid interest thereon, each due and payable on the date and in the manner set forth below.

1. **Repayment.** All payments of interest and principal shall be in lawful money of the United States of America and shall be applied first to accrued interest and thereafter to principal. The outstanding principal amount of this Note shall be due and payable on July \_\_, 2017 (the "**Maturity Date**"). Accrued and unpaid interest under this Note shall be due and payable in cash upon the Maturity Date or earlier upon conversion of this Note or upon a Sale of the Company as provided in Section 3 below.

2. **Interest Rate.** The Company promises to pay simple interest on the outstanding principal amount hereof from the date hereof until payment in full, which interest shall accrue on an annual basis at the rate of 6% per annum. Interest shall be calculated on the basis of a 365-day year for the actual number of days elapsed.

3. **Conversion; Repayment Upon Sale of the Company.**

(a) This Note shall be convertible by Holder at any time in Holder's discretion into Preferred Units at a conversion price resulting in the issuance to Holder of Common Units representing 10% of the outstanding equity of the Company after giving effect to such conversion (assuming full conversion or exercise of all convertible and exercisable securities then outstanding (other than the Note) but expressly excluding all units reserved for issuance under any option or similar plan that are not then subject to any outstanding equity or option awards)

(b) In the event that the Company issues and sells shares of its Equity Securities to investors (the "*Investors*") on or before the date of the repayment in full of this Note in an equity financing resulting in gross proceeds to the Company of at least \$500,000 (excluding the conversion of the Note and other debt) (a "*Qualified Financing*"), the outstanding principal balance under this Note shall, at Holder's option, (i) automatically convert in whole without any further action by the Holder into such Equity Securities at a conversion price equal to 95% of the per unit price paid by the Investors or (ii) convert into Preferred Units at a conversion price resulting in the issuance to Holder of Preferred Units representing 10% of the outstanding equity of the Company after giving effect to such conversion (assuming full conversion or exercise of all convertible and exercisable securities then outstanding (other than the Note and any such convertible and exercisable securities that are converted or exercised into Equity Securities issued in connection with the Qualified Financing) but expressly excluding all units reserved for issuance under any option or similar plan that are not then subject to any outstanding equity or option awards and excluding the Equity Securities issued by the Company in connection with the Qualified Financing).

(c) In the event that this Note has not been converted pursuant to Sections 3(a) or (b) above prior to the Maturity Date, then, at the election of the Company made at least five days prior to the Maturity Date, effective upon the Maturity Date, the outstanding principal balance under this Note shall be converted into Preferred Units at a conversion price resulting in the issuance to Holder of Preferred Units representing 10% of the outstanding equity of the Company after giving effect to such conversion (assuming full conversion or exercise of all convertible and exercisable securities then outstanding (other than the Note) but expressly excluding all units reserved for issuance under any option or similar plan that are not then subject to any outstanding equity or option awards).

(d) If, after aggregation, the conversion of this Note would result in the issuance of a fractional unit, the Company shall, in lieu of issuance of any fractional unit, pay the Holder otherwise entitled to such fraction a sum in cash equal to the product resulting from multiplying the then current fair market value of one unit of the class and series of membership unit into which this Note has converted by such fraction.

(e) Notwithstanding any provision of this Note to the contrary, in the event that the Company consummates a Sale of the Company (as defined below) prior to the conversion or repayment in full of this Note, the Company will give Holder at least five days prior written notice of the anticipated closing date of such Sale of the Company and, at the option of the Holder, (i) at the closing of such Sale of the Company, the Company will pay the Holder the aggregate amount of principal and interest then outstanding under this Note in full satisfaction of the Company's obligations under this Note or (ii) Holder may elect to convert the Note into Preferred Units at a conversion price resulting in the issuance to Holder of Preferred Units representing 10% of the outstanding equity of the Company after giving effect to such conversion (assuming full conversion or exercise of all convertible and exercisable securities then outstanding (other than the Note) but expressly excluding all units reserved for issuance under any option or similar plan that are not then subject to any outstanding equity or option awards) contingent upon the completion of such Sale of the Company, by tendering this Note for conversion at the chief executive offices of the Company, accompanied by written notice of Holder's election to convert no later than three

(3) business days before the anticipated closing of the Sale of the Company as stated in the notice provided for such Sale of the Company. If Holder does not deliver to the Company such written notice of conversion by the time set forth in the preceding sentence, then the Holder will be deemed to have converted pursuant to clause (ii) above immediately prior to such Sale of the Company if the amount which such Holder is entitled to receive under clause (ii) above is greater than the amount which such Holder is entitled to be repaid under clause (i) above, as determined by the Company's Board of Directors in good faith. If Holder has elected to convert the Note pursuant to clause (ii), or if the Note is deemed to have been converted pursuant to the preceding sentence, then, in such event, in lieu of actually converting the Note, the Company may, at its sole option, pay to Holder the consideration Holder would have received in connection with such Sale of the Company had the Note converted pursuant to clause (ii), including, if applicable, subjecting such consideration to any escrow, earn out or other contingent payment.

(f) For purposes of this Note:

(i) "**Common Units**" shall mean units of the membership interest of the Company designated as "Common Units" pursuant to Section 2.1 of the Operating Agreement.

(ii) "**Equity Securities**" shall mean the Company's Common Units, Preferred Units or any other units of the preferred membership interest of the Company sold in a Qualified Financing or any securities conferring the right to purchase any such units or securities convertible into, or exchangeable for (with or without additional consideration), any such units that sold in a Qualified Financing, except that such defined term shall not include any security granted, issued and/or sold by the Company to any employee, director or consultant in such capacity.

(iii) "**Operating Agreement**" shall mean the Operating Agreement of the Company dated as of January 22, 2011.

(iv) "**Preferred Units**" shall mean a separate class of units of the membership interest of the Company that shall be pari passu in all respects to the Common Units, except that holders of Preferred Units shall receive, prior and in preference to any cash distributions on the Common Units, cumulative cash distributions per Unit at the annual rate of 2.5% of the Preferred Unit Issue Price when, as and if declared by the Company's Board of Managers. Such distributions will accrue whether or not declared and will be cumulative.

(v) "**Preferred Unit Issue Price**" shall mean the price per Preferred Unit determined by dividing the aggregate amount of principal and interest of this Note converted into Preferred Units divided by the number of Preferred Units issued upon such conversion in accordance with the terms hereof.

(vi) "**Sale of the Company**" shall mean (i) any consolidation or merger of the Company with or into any other corporation or other entity or person, or any other corporate reorganization, other than any such consolidation, merger or reorganization in which the equity holders of the Company immediately prior to such consolidation, merger or

reorganization, continue to hold at least a majority of the voting power of the surviving entity in substantially the same proportions (or, if the surviving entity is a wholly owned subsidiary, its parent) immediately after such consolidation, merger or reorganization; (ii) any transaction or series of related transactions to which the Company is a party in which in excess of 50% of the Company's voting power is transferred; provided, however, that a Sale of the Company shall not include any transaction or series of transactions principally for bona fide equity financing purposes in which cash is received by the Company or any successor or indebtedness of the Company is cancelled or converted or a combination thereof; or (iii) a sale, lease, exclusive license or other disposition of all or substantially all of the assets of the Company.

4. **Maturity.** Unless this Note has been previously converted in accordance with the terms of Sections 3(a) through (d) above or satisfied or converted in accordance with the terms of Section 3(d) above, the entire outstanding principal balance and all unpaid accrued interest shall become fully due and payable on the Maturity Date.

5. **Expenses.** In the event of any default hereunder, the Company shall pay all reasonable attorneys' fees and court costs incurred by Holder in enforcing and collecting this Note.

6. **Prepayment.** This Note may be prepaid in whole, but not in part, at any time without premium or penalty, upon not less than 15 days' prior written notice; provided, however, that Holder will have the prior right to convert this Note into Preferred Units at a conversion price resulting in the issuance to Holder of Preferred Units representing 10% of the outstanding equity of the Company after giving effect to such conversion (assuming full conversion or exercise of all convertible and exercisable securities then outstanding (other than the Note) but expressly excluding all units reserved for issuance under any option or similar plan that are not then subject to any outstanding equity or option awards).

7. **Default.** If there shall be any Event of Default hereunder, at the option and upon the declaration of the Requisite Holders and upon written notice to the Company (which election and notice shall not be required in the case of an Event of Default under Section 7(c) or 7(d)), this Note shall accelerate and all principal and unpaid accrued interest shall become due and payable. The occurrence of any one or more of the following shall constitute an "*Event of Default*":

(a) The Company fails to pay timely any of the principal amount due under this Note on the date the same becomes due and payable or any accrued interest or other amounts due under this Note on the date the same becomes due and payable;

(b) The Company shall default in its performance of any covenant under this Note;

(c) The Company files any petition or action for relief under any bankruptcy, reorganization, insolvency or moratorium law or any other law for the relief of, or relating to, debtors, now or hereafter in effect, or makes any assignment for the benefit of creditors or takes any corporate action in furtherance of any of the foregoing; or

(d) An involuntary petition is filed against the Company (unless such petition is dismissed or discharged within 60 days under any bankruptcy statute now or hereafter in effect, or a custodian, receiver, trustee, assignee for the benefit of creditors (or other similar official) is appointed to take possession, custody or control of any property of the Company.

8. **Waiver.** The Company hereby waives demand, notice, presentment, protest and notice of dishonor.

9. **Governing Law.** This Note shall be governed by and construed under the laws of the Commonwealth of Pennsylvania, as applied to agreements among Pennsylvania residents, made and to be performed entirely within the Commonwealth of Pennsylvania, without giving effect to conflicts of laws principles.

10. **Modification; Waiver.** Any term of this Note may be amended or waived with the written consent of the Company and Holder.

11. **No Security Interest.** This Note shall be a general unsecured obligation of the Company and will be subordinated to all future bank and/or similar indebtedness of the Company and upon the request of any such lender the Holder shall execute such documentation necessary to reflect such subordination.

12. **Assignment.** This Note may be transferred only upon its surrender to the Company for registration of transfer, duly endorsed, or accompanied by a duly executed written instrument of transfer in form satisfactory to the Company. Thereupon, this Note shall be reissued to, and registered in the name of, the transferee, or a new Note for like principal amount and interest shall be issued to, and registered in the name of, the transferee. Interest and principal shall be paid solely to the registered holder of this Note. Such payment shall constitute full discharge of the Company's obligation to pay such interest and principal.

13. **Notice of Certain Events.** The Company shall promptly advise the Holder orally and in writing of any Acquisition Proposal, any request for information with respect to any Acquisition Proposal, or any inquiry with respect to or which could reasonably be expected to result in an Acquisition Proposal, the material terms and conditions of such request, Acquisition Proposal or inquiry, and the identity of the entity or person making the same.
